

A Dream Realized

-The Construction of a Girls Dormitory-

Almost 20 years ago, Hogar Infantil opened it's doors and began taking in girls in need of the same chance and support Nich Anderson originally began providing to boys back in 1963. However, this

act was done without ever having the separate suitable facilities to properly house our new guests. It has long been a dream of the Board and many visitors to the ranch, to build it's female children a place where they can truly call home. With conditions at the ranch

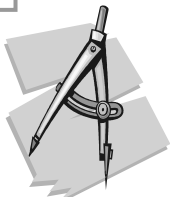

beginning to feel cramped, the Board feels it is now time to make this dream a reality. The architects have been contacted and a study into providing the best structure has been commenced, and while the total cost of the project has not been established, we wanted to give our donors an advanced chance to make a separate donation to this dream. While you and your donation are already our lifeline to the day-to-day operations of the ranch, if you would like to make a separate donation to this project, please fill out the form below and return it to our normal donation address or contact us at donate@hogarinfantil.org for other arrangements.

- Please note that any funds received above the total project costs will be used for capital improvements at the ranch -
